

## Adopt A Needy Neighbor

The Adopt A Needy Neighbor Program is our monthly giving program that gives donors the opportunity to support the medication needs of our clients. The amount of the monthly contribution is up to you. The typical cost to fill prescriptions for a client ranges from \$10-\$150 per month. When you sign up for this program, you are making a commitment to improve the quality of daily living for a neighbor which strengthens our local communities!

If you would like to participate, please return the form below and we will mail you a welcome packet with more information.
