FAITH COMMUNITY PHARMACY

Northern Kentucky's
Charitable Pharmacy

HOW WE HELP

Faith Community Pharmacy provides 100% free medications to anyone in Northern Kentucky who cannot otherwise afford their prescriptions. We focus on treating chronic conditions, such as diabetes, high blood pressure, heart disease, COPD, asthma, mental health and others.

Individuals making less than 300% of the Federal Poverty Level are eligible to enroll and receive long-term assistance. Faith Community Pharmacy does not bill patients or insurance.

Together with our supporters and partners, we will change lives by creating a community in which all our neighbors can live fuller, healthier lives.

HOW TO GET HELP

Contact Your Physician

Make your physician aware that you are struggling to afford your medications*. Ask them to send Faith Community Pharmacy a referral (form can be found on our website) and your prescriptions.

Faith Will Call You

Once we receive the information from your physician, we will compare your current prescriptions with our stock to determine how we can best serve you. We will then reach out to you directly to gather more information and schedule a pickup or delivery** date for your medications.

Prepare Your Documentation

Faith Community Pharmacy requires a few pieces of documentation to enroll a new patient.

Please gather your identification***, proof of residency (a piece of mail with your current address and name on it) and proof of income (tax return, award letter, paystub, etc. for every member of your household).

*If you do not have a regular relationship with a physician, please reach out to us directly.

**For patients with significant transportation barriers.

***Faith Community Pharmacy serves anyone living in NKY regardless of citizenship status.
